Hi, I am AYUSH PATHAK and I have secured AIR 215 in CSE 2025.

A key focus throughout my prep was to maintain consistency in preparation. At PREPP IAS, regular interactions with Chadrakant Sir, along with target based micro plans helped me complete syllabus and do timely revision. It helped me to stay disciplined and do multiple revisions.

The structured planning, emphasis on timely completion of tasks, practice and adequate breaks, helped me stay consistent.

It helped me crucially in each phase and ultimately a final rank.

Thank you so much.
