prepp IAS

Hi, I am Nitish Kumar and I secured AIR-237 in UPSC CSE 25.

A key aspect of my preparation was developing clarity regarding what to focus on and ensuring that my efforts were aligned in the right direction.

At Prepp IAS, my mentorship sessions with Siddharth Sir played an important role in simplifying my approach and setting clear, achievable targets. The micro plans provided during these sessions helped me complete the syllabus in a timely and structured manner.

Regular discussions also helped me stay focused and avoid common pitfalls such as referring to multiple sources or attempting tests without adequate analysis.

over time, this clarity significantly improved both my efficiency and confidence.

I am grateful for the consistent guidance.

Nitish Kumar
AIR-237, UPSC CSE-2025
