Hello, this is Shubham, AIR 142 (CSE 2025). During my preparation, structured and exam oriented current affairs helped in giving holistic understanding of the static subjects.

PrepIAS helped in streamlining this current affairs through mentorship of Chandrakant sir. Mentors highlighted the relevant issues for the exam. MCQ sessions helped in real exam application

It provided clarity in options during prelims. Also, these can be used as examples in Mains answers. This helps in improving Mains answer and approach.

Thank You

Shubham K Mahato
