prepp IAS

Hi, I am SONALI JHA and have secured AIR 89 in UPSC CSE '2025. In this attempt, I realised how important consistent mentorship and honest feedbacks are in this exam.

At Prepp IAS, my discussions with Chandrakant Sir mainly focussed on analysing my performance in mains test series and identifying areas where I could improve.

Over time, regular answer writing and feedback helped me refine my structure and bring more clarity to my answers.

These consistent improvements made big difference and I'm grateful for the guidance.

Thanking You Prepp IAS and Chandrakant Sir,

Sonali Jha, AIR - 89, CSE'25
